Brian--

Please consider this e mail to be approval to begin operations at the Silliman quarry. A letter will be forthcoming in the next day or two.

I mentioned in a previous e mail that we need pictures of the quarry before new mining operations begin. Please forward those as soon as possible but no later than December 11.

There are a few problems with the W9 form, and although we can deposit the surety check and approve the mining operation, we will not be able to open an account at Zions until these are corrected:

1. "S&S Garage & Service" should be deleted. The operator is an individual sole proprietor, so we can't have a business name.
2. We need to have the Social Security Number rather than a taxpayer identification number. This, again, is because the operator is an individual.

According to a new procedure we just worked out with the State Treasurer and Zions Bank, we need to have the new W9 within a month.

Thank you for your help getting this taken care of, and let me know if you have questions.
